

## **LEVERAGE Welcomes Bob Herold**

Leverage Information Systems is pleased to announce that Bob Herold has joined its team as Territory Manager, Surveillance Systems Sales effective September 3, 2014. Bob comes to LEVERAGE with a wealth of experience within the industry having spent the last 20 years working with flagship companies such as PELCO and 3VR security. He brings broad experience and significant success with video systems for law enforcement, retail, government, infrastructure, gaming, and other end user applications.

Alan Gatlin, Director of Surveillance Systems, SLE, Transportation and Utilities said “Bob’s depth of experience in the video surveillance industry provides LEVERAGE with a unique opportunity to provide our customers with an enhanced solution based approach, drawing on his years of practical applications of technology. His ability to understand and directly relate to the Public Safety, Transportation, and Utility sectors issues adds additional value and we are excited to have him as a part of the team.”

### **About LEVERAGE:**

Leverage Information Systems is a solutions provider and full-service systems integrator with more than 25 years of experience and the expertise to deliver some of the most important networks in the world, including those for national security, intelligence, defense, federal, state and local government, national science programs as well as finance, healthcare and enterprise customers.
